

S3 Low Profile Pedestal

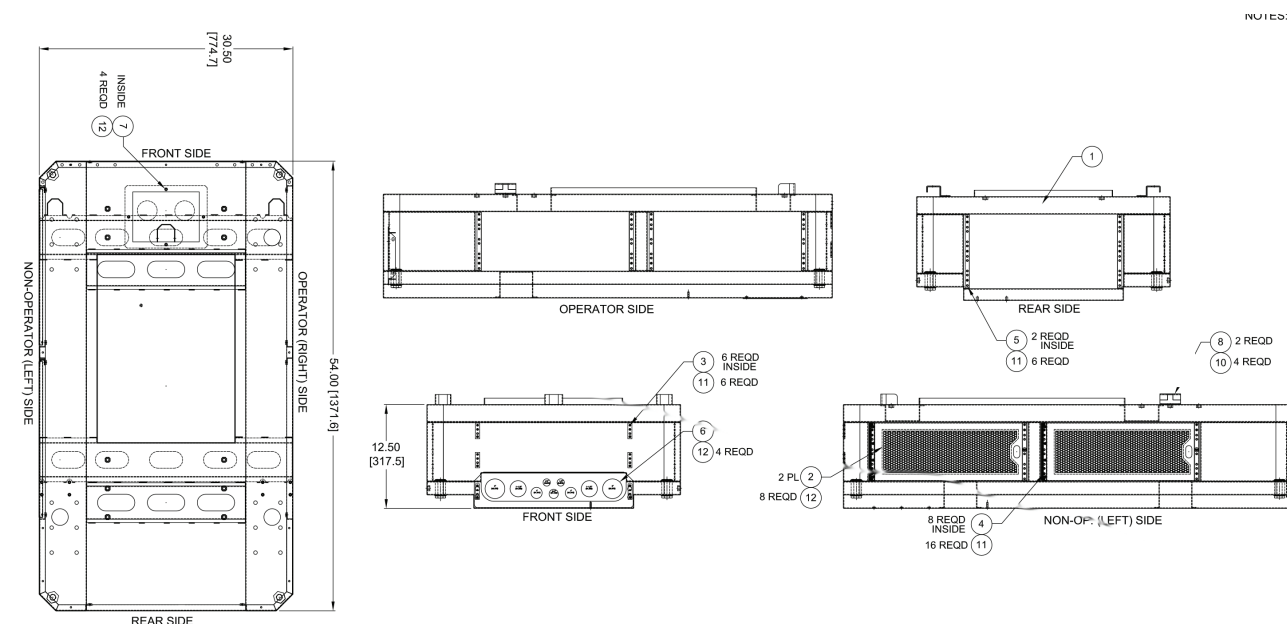

The MOVING IMAGE TECHNOLOGIES S3 is a Low Profile Pedestal designed for screens with unique space limitations and low port windows. It has been designed by MiT engineers to accommodate crucial D Cinema equipment, with the same eye appeal as the taller S Series Bases. It consists of a rugged, welded enclosure made from 14 Ga steel. It's designed to support projectors up to 400 lbs. Customers have the choice of louvered panels or screened doors for the unused rack mounting areas. The S3 can accommodate all D-Cinema Servers as well as a select number of MiT accessories, depending on placement and configuration. This includes IMC automations, IS-30 Spike Arrestors all of which can be pre wired in our factory to your custom specifications. (See separate specifications for details)

Features:

- Supports small and large DLP projectors from all major OEMs
- 16 RU of space available from 2 sides for flexible configuration to accommodate crucial equipment.
- Internal work light built-in to ease service
- Long leveling feet allow tilting to 10 degrees
- Tilt block available for greater tilt
- Hold-down clamps capture projector feet
- For use in new construction or retrofits
- Conduit knockouts on the front side for routing power in and out
- May be track mounted

Block Diagram:

Options:

- Power Distribution Unit
- International Voltages Available
- IMC Series Automation Systems
- IS-30 Spike/Surge Protection Unit
- M-Series Dimmer
- Pre Assembly and Wiring
- Pre-Configuration and Addressing of Network
- Seismic Foot Clamps

Part Numbers:

- A000310-001 Standard Pedestal
- A000176-00x Power Distribution unit (N. America and International versions)
- A000282-00x IMC-3j Automation system, 2RU tray
- A000290-00x IS-30 Spike and surge arrestor (120/220V and 230/380V versions)
- C003184-001 Tilt Riser Block
- C003199-001 Adapter, NEC projector mount (2 req'd)
- PA00001-00x Dimmer (2 channel and 4 channel versions)

Mechanical:

- Dimensions: 42.0 x 30.5 x 13" high
- Weight: 200lbs
